

Standard and Deluxe SUV Cargo Liner Care & Use Guide

Congratulations on the purchase of your new Solvit Products SUV Cargo Liner.

INSTALLATION: Installation is simple. The SUV Cargo Liner is designed to lay flat in the cargo area of the largest model SUV's with the rear bench removed. There are 9 strips of hook tape sewn into the back of the liner. The hook tape strips adhere to most common types of automotive carpet and will help keep the cover in place. For smaller SUV space requirements, the hook tape allows the liner to adhere to the automotive carpet on the back side of the seats in front of the cargo area. This allows the liner adjust to shorter cargo areas.

In addition to the hook tape, the cover includes 4 strips of loop tape with adhesive backing. These can be used to help secure the cover to the plastic panels on the sides of the cargo area in narrower vehicles. First, place the liner in the desired position in the cargo area. Using a pencil, make a small mark on the plastic panels to correspond with the locations of the four hook tape strips closest to the back of the vehicle. Clean the plastic thoroughly with alcohol around these four marks. Peel the protective strip from the back of the loop tape strips and adhere to the cleaned areas. Reposition the liner so the hook strips align with the loop strips to secure the cover to the side panels.

Cleaning: Promptly wipe up any foreign matter or standing liquid with a damp cloth or sponge. Machine wash the cover in a commercial size front loading washing machine. Use cold water with a mild detergent. Line dry.

CAUTION: Always make sure the floor of the vehicle is dry before installing the Solvit SUV Cargo Liner.

Warranty: The SUV Cargo Liner is warranted to be free from defects in materials or workmanship for a period of one (1) year from date of purchase. A copy of the original sales receipt is required for warranty issues.

SOLVIT Products is dedicated to offering innovative solutions to improve pets' quality of life. Please feel free to contact us with any questions, comments, or warranty issues. Thank you for your purchase!
