

SOLVIT Products[™]
Extra Wide Half Ramp
Care & Use Guide

Congratulations on your purchase of the durable, easy-to-use Extra Wide Half Ramp from SOLVIT Products. With proper care, your Pet Ramp should provide years of trouble-free service.

The Half Ramp is well-suited for helping pets reach intermediate heights, such as a minivan, couch, bed or a backyard deck. It weighs only 8 lbs., so it's easy to transport and stow. To use the Pet Ramp, simply set the angled, upper end on the surface to which your pet is trying to climb and set the other end on the lower surface.

The Half Ramp is rated to handle over 300 lbs. **CAUTION: The SOLVIT Pet Ramp is designed for use only by pets such as dogs, cats, and small animals. It is not intended to carry humans or heavy loads. Using the Ramp in this way voids the warranty and creates an unsafe situation! Please follow this guideline strictly.**

Training: Many pets will begin using the Pet Ramp with no hesitation. If your pet is unsure at first, lay the Ramp flat on the ground and allow your pet to become comfortable walking on it before using it in an inclined position. It also helps to hold your pet by the collar and offer reassuring praise and/or treats as your pet gains confidence using the Ramp. For vehicle use, command your pet to stay inside the vehicle until the Ramp is deployed, then walk your pet down safely.

Outdoor Use: The carpet on the Half Ramp is rated for outdoor use, but it will mildew if kept wet for extended periods. The plastic parts have been treated with a UV inhibitor, but all plastic items will degrade over time when exposed to direct sunlight. If using the ramp outside for extended periods, try to locate it in a shady area.

Cleaning: If the plastic parts of the Pet Ramp become dirty, simply clean with any standard household cleaner. The carpet can be cleaned with standard carpet cleaners or simply hosed off.

Maintenance: Your Ramp should be maintenance-free. If a replacement handle or rubber feet are needed, please contact Customer Service below.

Warranty: The Pet Ramp is warranted to be free from defects in materials or workmanship for a period of one (1) year from date of purchase.

SOLVIT Products is dedicated to offering innovative solutions to improve pets' quality of life. Please feel free to contact us with any questions, comments, or warranty issues. Thank you for your purchase!
