3. Easy to install/uninstall
4. Adjustable suspension system fits all vehicles (really!)
5. Attaches to vehicle interior with high-strength 3M fasteners
6. Includes handy storage pouch
7. Patent Pending design
8. One year warranty.
9. Product dims: 58 x 24. Weighs 1.0 lb.

Sample write-up:

The Solvit Pet Barrier keeps pets off the seat and in the back (snoozing comfortably on one of Solvit's Cargo Liners, no doubt.) The patent pending design uses a micro-mesh material which is actually easier to see through than metal tube-style barriers. The netting is attached to a pop-up wire frame which keeps the net from sagging and makes it a snap to install/uninstall. The adjustable suspension system allows the Net Pet Barrier to FIT ALL VEHICLES, from sedans to full-size SUVs. Attaches to vehicle interior with high-strength 3M fasteners, and comes complete with storage pouch.

Product Dims: 58 x 24 -- Weighs 1.0 lbs
