5. Rubber feet hold ramp steady during use.
6. Constructed from high-density polyethylene (HDPE).
7. Overall dimensions = 39"L x 17"W x 5"H.
8. One-year warranty.

Sample write-up:

"A lightweight, affordable ramp alternative for heights up to 20 inches, the Half Ramp II is perfect for mini-vans, couches and more."

Weighing in at only 7 lbs, the Half Ramp II still supports over 200 lbs. The high-traction walking surface provides a sure footing for pets, plus it's easy to clean. Rubber feet hold the ramp steady during use. Constructed from high impact polyethylene, the Half Ramp II carries a one-year warranty against defects in materials and workmanship. Overall dimensions = 39"L x 17"W x 5"H.
