

Suggested Copy Points for Solvit Products' Ultralite Pet Stairs
As of September, 2005

1. Place them next to a couch or bed and pets can come and go as they please. It is also uniquely designed to help pets access the back seat of an automobile, which can't be done with ramps on the market today.
2. Easy to move – weighs only 10 lbs.
3. Supports over 250 lbs – suitable for any size pet.
4. Durable indoor/outdoor carpet and plastic construction can be cleaned easily with soap and water. Easier to maintain than traditional plywood-based stairs.
5. Attractive design with neutral colors – blends well with most any décor.
6. Unique, sloping treads are easier for small dogs to climb, especially helpful for Dachshunds.
7. 19-inch height works well with couches and most beds.
8. (Non-skid feet are available for use on slick surfaces, contact Solvit Products)
9. Overall dimensions = 24”L x 16”W x 19”H.
10. Constructed from high-density polyethylene (HDPE) and indoor/outdoor carpet.
11. One-year warranty.
12. Patent Pending design.

Sample write-up:

"For durability, portability, and economy, nothing beats these stairs for helping pets reach the couch, bed, or vehicle."

Place them next to a couch or bed and pets can come and go as they please. The stairs can also be used to help pets access the back seat of an automobile, which can't be done with existing pet ramps on the market.

The UltraLite Stairs weigh only 10 lbs, so they are highly portable, yet they will support 250 lbs. Durable indoor/outdoor carpet and plastic construction can be cleaned easily with soap and water (don't try that with conventional plywood-based stairs!)

The UltraLite Stairs feature an attractive design with neutral colors, so they blend well with most any décor. Their unique, sloping treads are easier for small dogs to climb - especially helpful for Dachshunds. The 19-inch height works well with couches and most beds.

For use on slick floor surfaces, a non-skid feet kit is available. The stairs are covered by a one-year warranty against defects in material and workmanship. Overall dimensions = 24”L x 16”W x 19”H. Patent Pending design.
